

The BSL/Parish Partnerships “Good Neighbour” Project: for the good of community

Noticing need and doing something about it – the Christian call for compassion in action. This workshop and ongoing process is offered to parishes to (1) identify the needs of their community in theological and practical context, (2) identify the capacity and resources available that could be available to serve community need, and (3) work together for a ministry plan of action.

This resource is being piloted from July 2016 – please contact either Jan Crombie jcrombie@melbourneanglican.org.au or Mrs Debra Saffrey-Collins, the Brotherhood of St Laurence General Manager for Chaplaincy and Diocesan Partnerships at DSaffrey-Collins@bsl.org.au
